

TOMORROW'S TECHNOLOGY SOLUTIONS, TODAY.

APPLICATION DEVELOPMENT • MOBILE DEVELOPMENT • WEB DEVELOPMENT • APPLICATION MANAGEMENT
PROGRAM/PROJECT MANAGEMENT • QUALITY ASSURANCE • STAFF AUGMENTATION

In the coming years businesses will require customer facing applications on smartphones and other mobile devices, modernize legacy applications, bring more collaboration with social media technologies and empower organizations with real-time data to make the right business decisions at a fast pace.

Commdex has built and deployed quality IT solutions for clients to deliver applications on mobile devices to increase revenues, expand reach to customers, streamline operations, boost productivity, provide business intelligence and increase return on investment. We measure our success by how much we have helped you achieve your business and technology goals with our innovative solutions and the quality of services.

WHY CHOOSE COMMDEx CONSULTING?

SUPERIOR PROBLEM SOLVING SKILLS DELIVERED "RIGHT" THE FIRST-TIME

Commdex team brings the industry experience, domain knowledge, complex problem solving skills and a passion for pushing the limits of the technology frontier to deliver the right solution to you the first-time.

DELIVER COST EFFECTIVE SOLUTIONS WITH HIGH QUALITY

Commdex's quality management framework, technical expertise, best industry practices and trusted competence will ensure that high quality solutions are delivered in a cost-effective way.

FLEXIBLE, CUSTOMER FOCUSED PERFORMANCE -DRIVEN ENGAGEMENT MODEL

Commdex analyzes each customer's expectations and goals to define a management and development framework that will result in efficient project management and successful delivery of the solution.

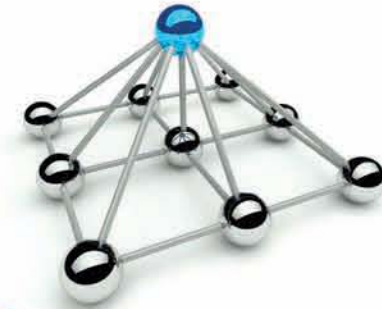

STRATEGIC TECHNOLOGY PARTNERSHIPS

We are uniquely positioned to evaluate and implement the right technology and solution to help meet your business objectives through our strategic technology partnerships.

APPLICATION DEVELOPMENT

Our industry domain expertise and past development experience helps to provide customers with innovative solutions combined with delivery excellence. Commdex uses rigorous methodologies and in-house expertise to mitigate risks, as well as to deliver optimized solutions and time-to-market benefits.

- Web Application Development
- Enterprise Application Development
- Desktop Application Development
- Flex Application Development
- Widget Development
- Application Migration Solutions

APPLICATION MANAGEMENT

Commdex uses a structured approach to build knowledge of your existing IT systems, which helps to reduce total cost of ownership and improve both application support for changing business needs and your overall productivity. We employ a proven ITIL-based approach that we tailor to meet each client's specific needs with a goal of providing the level of service you expect at reduced costs.

MOBILE APPLICATION DEVELOPMENT

- iPhone/iPad Application Development
- Android Application Development
