

QUALITY POLICY

Commdex provides the finest management services and solutions for telecommunications networks from concept to completion. We specialize in providing 'tailor-made' network solutions to telecommunications service providers and manufacturers for the deployment of telecom networks, facilities and supporting systems. We deliver quality services utilizing the most up-to-date and leading-edge technology and methodologies.

“We exist to provide best-in-class communication systems that empower those who save lives”

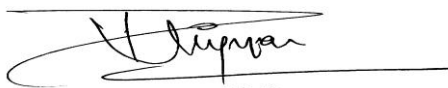

The Leadership Team has established and implemented a Quality Policy that is appropriate to the purpose and context of our organization, supports strategic direction, and provides a framework for setting quality objectives. The Quality Policy is released as a standalone document as well and is communicated and implemented throughout the organization and to interested parties. The Quality Policy of Commdex is as follows:

Commdex is committed to:

- *understanding the needs and expectations of interested parties that are relevant to our quality management system and act as appropriate.*
- *utilizing our strategic goals as the framework to establish our quality objectives and continual improvement of our quality management system.*
- *maintaining a workplace that respects and values all employees and their contributions that in turn makes our business success possible.*
- *consistently providing mission critical solutions including design and implementation services that meet or exceed our customers' needs and expectations of quality, service and delivery.*

The management team reporting directly to the Chief Executive Officer will be responsible for communicating and implementing the policies and procedures of the Commdex **Quality Management System (QMS)** within their respective areas of authority.
