Operations and maintenance and decommissioning services may also be included.

Only Small Business on FC3

WHO CAN USE FIELDCOM?

Department of Interior (DOI) Bureaus and DOI Offices may request a delegation of procurement authority (DPA) for direct ordering. Non-DOI Bureaus and Offices may not receive a DPA, but can access the contract by establishing an Interagency Agreement for assisted acquisition services with the Interior Business Center (IBC), Acquisition Services Directorate (AQD).

AGENCIES MAY ACCESS FIELDCOM IN TWO WAYS:

1. **Direct Acquisitions** (Only available to DOI Offices & Bureaus) -The DOI agency or Bureau is responsible for its own acquisition and program management activities.
2. **Assisted Acquisitions** - A requesting agency may elect to have AQD provide full assisted acquisition support services through the Order life cycle. If the requesting agency uses AQD, then AQD will serve as the Ordering Contracting Officer (OCO). AQD will issue, modify, administer, and close Orders based on the requesting agency's requirements for support as documented in an interagency agreement signed by both parties. *Note: AQD does not delegate the administration of orders after award.*

How to purchase via FieldCom?

Requirement Package

1. The Requiring Agency prepares and submits a requirements package that includes a Scope of Objectives/Scope of Work/Performance Work Statement and Independent Government Cost Estimate

requirements

2a: Functional Category Determination - The CO will determine the appropriate Functional Category for a request. Requirements may overlap into different functional categories with the final determination based on the predominant work performed under the order.

Solicitation Preparation

2. The Contracting Officer reviews the requirements package and prepares a Task Order (TO) or Delivery Order (DO) Solicitation.

PRODUCTS
SERVICES

2b: Fair Opportunity Determination - If an exception to fair opportunity applies, the CO prepares the solicitation on a sole-source basis. If the exception does not apply, the CO shall determine whether to issue the solicitation to small businesses only or unrestricted to include small and large businesses based on the appropriate Functional Category.

Generate Bid Package

3. The Contracting Officer issues the solicitation to FieldCom contractors in the appropriate Functional Category.

2c: Small Business Set-Aside Determination - the CO shall determine to conduct the procurement on either: (1) Unrestricted: Open competition between prime contractors from both the large business pool and the small business pool for the associated Functional Category; or, (2) Small business set-aside: Competition will be limited to only prime contractors in the small business pool for the associated Functional Category.

Receive & Evaluate Quotes

4. The Contracting Officer receives and evaluates proposals in accordance with the outlined Evaluation Plan. Technical and lowest price evaluations are conducted by the agency evaluation teams. Further negotiations may take place if needed
